

Cell Sourcing

Apheresis Collections
for R&D and cGMP

Fully characterized starting
material that meets the
highest standards

Unlike Any Other

With decades of experience in clinical requirements and regulatory compliance, our team can advise the best approach to predict and achieve desired yield.

- +** Leukopaks, and hematopoietic progenitor cells, collected for desired yield with a focus on donor comfort
- +** Recruitment to matched specifications from a large, diverse donor pool
- +** Direct delivery to on-site processing, manufacturing, or cryopreservation
- +** Apheresis suites and licensed mobile nurses who can collect at point of care
- +** Dedicated staff manages donors beginning to end, maintaining full documentation
- +** Streamlined processes and experienced logistics to ship cells direct to client, worldwide
